

## MQ15 male 0°/MQ15 fem. 0° shielded 600V AC type 3

PUR 4x2.5 or UL/CSA+drag ch. 3m

Male straight – female straight MQ15, 4-pole shielded

without cable sleeves

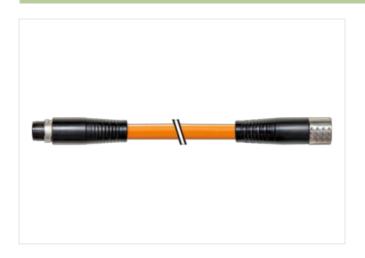

Plastic housings with good resistance against chemicals and oils.

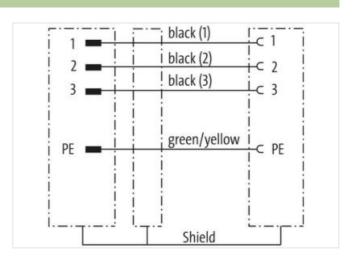

The resistance to aggressive media should be individually tested for your application. Further details on request.

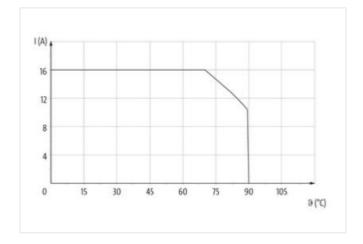

Further cable lengths on request.

Electrical data   Supply	
Operating voltage AC max. 600	

stay connected

Current operating per contact max.	16 A
Diagnostics	
Status indication LED	no
Installation   Connection	
	500
Mating cycles min.	500
Installation   Pin assignment	
Configuration	fully used
Device protection   Electrical	
Degree of protection (EN IEC 60529)	IP67
Additional condition protection degree	inserted, screwed
Pollution Degree	3
Rated surge voltage	4 kV
Material group (IEC 60664-1)	
Mechanical data   Material data	
Combustibility class housing (UL94)	НВ
Material housing	Plastic
Material contact carrier	PA
Mechanical data   Mounting data	
Looking techniques	bayonet-locking
Environmental characteristics   Climatic	
Operating temperature min.	-25 °C
Operating temperature max.	80 °C
Additional condition temperature range	depending on cable quality
Important installation notes	
Note on strain relief	Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.
Note on bending radius	<b>Attention:</b> Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces.
