

## M12 Power female 90° S-cod. screw terminal

4-pol., max. 1,5mm<sup>2</sup>, 8 - 10mm

Female 90° M12, 4-pole S-coded

Screw terminals

Sealing range (cable Ø): 8...10 mm

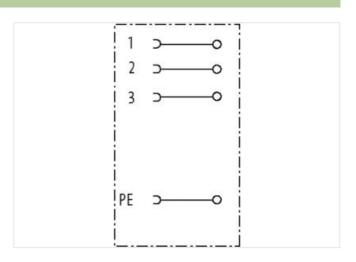

Plastic housings with good resistance against chemicals and oils.

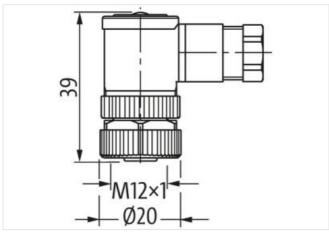

The resistance to aggressive media should be individually tested for your application. Further details on request.

The information in this Product-PDF has been compiled with the utmost care. Liability for the correctness completeness and topicality of the information is restricted to gross negligence. Version: 2024-05-17

Operating temperature max. 85 °C

Important installation notes	
Note on strain relief	Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.
Note on bending radius	Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces
